Hello there!

I'm Magda and since 2018 I've helped hundreds of **soldiers** from 16 NATO countries pass the STANAG 6001 (SLP) and the JFLT exams and **achieve their dream goals by providing them with effective online courses and classes.**

I teach **effective SLP exam strategies to maximize the score** and share exam tricks to boost the performance. I provide students with a **tailored study plan** that matches their needs.

I unlock my student's true potential so that they can **thrive in English speaking environment** and push them out of their comfort zone.

Magda

STANAG, SLP and JFLT teacher, course creator and E-book author

International readiness, collaboration and communication in NATO have never been more important than NOW.

English is the operational language of UN and NATO peace operations. Having STANAG 6001 certificate is an **advantage you gain in order to access certain job positions and specialist courses.**

English is a must in order to communicate with soldiers from other countries. International maneuvers raising skills of soldiers from different NATO countries are the key to security. And the new reality that we need to adapt to.

The good news is that you can do it being well accompanied. You can opt for working 1:1 with me or with a group of soldiers from different NATO countries.

Hi 😊 Magda, today I have renewed my JFLT exam in listening and reading and I got 3+ ! I am so happy, I am upgraded 2 levels and I didn't expected at all

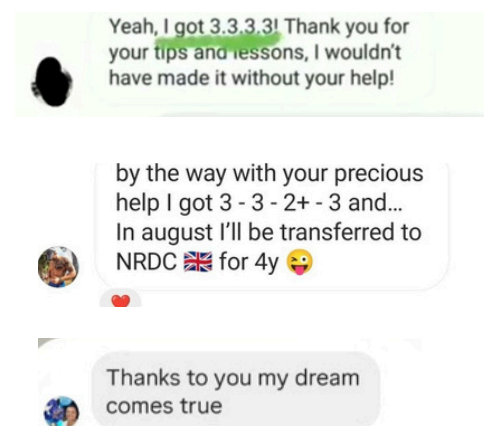

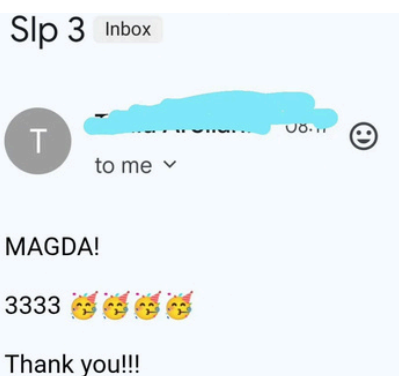

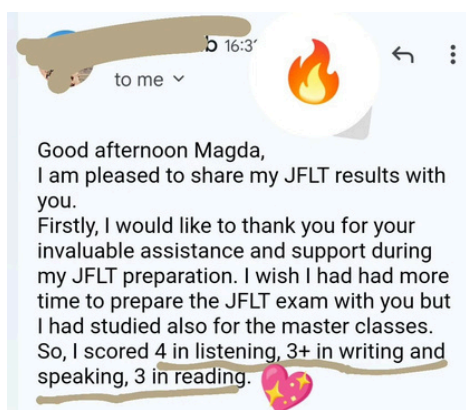

Thanks also to your material, they have been very useful

Renewing my SLP and getting STANAG Level 3 again studying less than a month before the exam seemed like an impossible goal—until I met Magda a few years ago. Her dedication, expertly designed study materials, and clear understanding of the STANAG testing system made all the difference in my preparation.

Her materials were not only comprehensive and relevant, but also highly engaging and practical for real test scenarios. Every exercise, listening drill, and writing task had a clear purpose and built my confidence step by step toward reaching my goal.

What truly sets her apart is her understanding of the military context. She knew exactly what kind of vocabulary, structure, and fluency were needed for each skill area of the STANAG 6001 exam. Her strategic approach saved me countless hours of ineffective studying and helped me focus on what really mattered.

FAQ's

What if I need to reschedule an individual class?

You can do it up to 24 hours before the class. No problem! There is also one last-minute emergency cancelation if something comes up. Life happens. ;)

What if I'm absent during a group class?

If at least one person is absent - I record the class so that you can comfortably watch it whenever you wish.

What if I need to quit?

You can quit anytime, but talk to me before, don't ghost. ;)

Do you provide certificates?

I don't issue STANAG certificates, but if you need a document confirming taking part in a course - I can issue it.

Can I get an invoice for the course payment?

Sure! Let me know if you need it and I will send it directly to your inbox.

Let's Get Started!

I am looking forward to meeting you and for us to work together!

[ASK A QUESTION](#)

I can guarantee (yes, I'm saying it proudly) that working with me you will see results that are related to your language goals – we specify them in our first lesson in order to know what to focus on and create systems around them. Then – it's also up to you and the systematic work you put into your learning process.

I'm your guide, mentor and cheerleader, but you are the one responsible for sticking to your study routines and completing all the tasks. Those regular actions that you take every day will take you closer and closer to your GOAL – like when you work out or train for a marathon. I'll be there to have your back in the process and teach you everything I know about the SLP exam strategies!
